

Canal Park

Restrictions and Guidelines

- The OSE must have a Site-map showing how the event will be laid out.
- All sound checks must be conducted below 85 decibels.
- Any tape, rope, signs, wire or hangers which have been placed on the ground, buildings, columns, windows, poles, etc., will be completely removed after the event. If it is not, you will be charged out of your deposit.
- If cooking with oil, vendors must have something underneath the cooking area to prevent grease from accumulating on the surface/ground. If there is grease left behind, your event will have to power wash any surface left uncleaned.
- The venue must be cleaned and left the way you found it.

Tents:

- There are no stakes allowed at the park from tents, you must use water barrels.

Vehicles:

- All vehicles must have a permit. Make sure all staff/volunteers have pass from Parking Services in their car window before parking (even in front of hooded meters) or they will be ticketed if they do not follow standard procedures.
- Only vehicles allowed are those picking up or dropping off items during set up/take down. Organizers are required to develop a list of authorized vendors and a timetable that

illustrates arrival and departure times for vendors and provide it to the OSE.

- There is parking available. If you need to hood the meters you will have to pay and extra fee.

Electrical: (see map on back)

- Electrical cords are not to be strung across walkways or over mounds. This creates a safety hazard.
- There is a 2-20 amp 110V outlet on the pole near the bathrooms and another 2-20 amp 110V outlet on the south end of the park on another pole.

***All other rules still apply that are posted within the park**

■ 20amp 110V
